

Apache Secondary Gyratory Crusher

Model : GS Series Secondary
Gyratory Crusher

Machine Sizes : **GS2** 23980 LBS **GS3** 35,640 LBS **GS5** 73,260 LBS

- HD Cast Main Frame Upper & Lower - Precision Machined
- Changeable Stroke & Speed
- Automated Hydraulic Setting Adjustment (AHSA)
- Lubrication & Hydraulic system with Interlock Protection
- V-Belts, Crusher & Drive Sheave, Drive Guard
- **Extra Coarse, Coarse, Medium Liner** Profiles Available
- Piping for Lubrication and Hydraulic Units Included
- Automated PLC Cone Controls with HMI Touch Screen
- Sub-base with rubber vibration dampeners
- TEFC Premium Efficiency Electric Motor
